WORK EXPERIENCE

Web Developer

Archer Travel Service, Inc

📅 December 2022 - current   📍 La Crescenta, CA

- Led the migration and redesign of multiple websites, utilizing HTML, JavaScript, and Ruby on Rails to ensure a seamless transition and improved user experience.
- Implemented responsive design strategies, using CSS to enhance mobile responsiveness and overall site usability.
- Developed child WordPress themes, emphasizing visually appealing layouts and optimized performance.
- Implemented on-page SEO optimizations using JavaScript and HTML to improve search engine visibility.
- Regularly performed server maintenance and ensured site accessibility.
- Collaborated with the marketing team to create and deploy engaging landing pages for promotional campaigns.
- Established and maintained documentation for all websites, including detailed troubleshooting guides and up-to-date onboarding materials.
- Provided IT services for clients and in-office, resolving technical issues promptly and contributing to overall system reliability.

Code Instructor

Code Ninjas

📅 November 2021 - December 2022   📍 Chino Hills, CA

- Delivered instruction to students of varying ages, clarifying the principles and practical application of diverse coding languages.
- Created a comprehensive curriculum aimed at instilling foundational knowledge in JavaScript and C# programming languages.
- Conducted daily evaluations of students' assignments and progress to pinpoint areas for enhancement and maintain continuous learning momentum.
